

TRINITY CONTAINERS, LLC

Underground Domestic Tanks

Trinity Containers Underground Tanks Feature:

- Trinity Containers introduced the first "Ready-to-Bury" UG vessel*
- Powder coated for a durable, long lasting finish
- Oversized polyethylene shroud to provide extra strength, durability, and easy access
Available in both 18" & 28" sizes for our two riser heights
- We provide a duplicate stainless steel nameplate that is cabled to the riser pipe
- Vacuum pre-purged to save time, money, and product
- Our anode bolt is mounted on the riser providing a fast, secure connection of lead wires
- We provide dual lifting lugs on our 500s and 1000s for easier handling
- All tanks are registered with the National Board

** Applicable federal, state, or local regulations may contain specific requirements for protective coatings and cathodic protection. The purchaser and installer are responsible for compliance with all federal, state, local, and NFPA industry regulations. Cathodic protection is required and coating must be continuous and uninterrupted and must comply with any local and national code.*

Introducing the NEW Underground Multi-Service Valve by Cavagna

*100% brass constructed valve
with an integrated liquid
withdrawal*
